

Established in 2012, our school stands as a testament to a noble vision: delivering quality education at an affordable price while fostering holistic development. Born from the dream of a selfless and visionary leader, Shri Katta Balaji, our institution has become a sanctuary for learning, where every child, regardless of background, is given the opportunity to thrive.

With a heart that champions equity, we proudly extend free education to deserving students, ensuring no dream goes unfulfilled. This unwavering commitment has transformed countless lives and communities, sowing the seeds of a brighter future.

In just a short span, our school has achieved phenomenal growth, emerging as a beacon of excellence. Through dedication, innovation, and care, we continue to shape not just learners but leaders, driven by the belief that education is the most powerful tool to change the world.

BOARD EXAM RESULTS

“Learning leads to creativity, creativity leads to thinking, thinking provides knowledge and knowledge makes you great”

A remarkable achievement for the school this year has been 100% success in the board examinations across all segments CBSE grade X and XII.

This milestone is a reflection of the relentless efforts of our teachers, the steadfast support of our parents, and the determination of our students.

RESULT DETAILS

Pradyumn scored the highest marks in CBSE Grade X Board exam 2024 with 96 percent while Pranav scored 91% in the CBSE grade XII Board exam.

Congratulations to our students for this phenomenal success!

CURRICULUM

The school curriculum is designed to foster holistic development, blending academic excellence with co-curricular and experiential learning opportunities. It aligns with NCERT standards, the National Education Policy (NEP) 2020, and the National Curriculum Framework (NCF), ensuring a well-rounded and future-ready approach to education.

Emphasizing conceptual understanding and competency-based education, the curriculum integrates foundational literacy and numeracy with 21st-century skills like critical thinking, creativity, teamwork, and digital literacy. Experiential learning through hands-on projects, field trips, and real-world application enhances student engagement and practical understanding. With a focus on physical well-being, emotional intelligence, and ethical values, the curriculum prepares students for lifelong learning and meaningful contributions to society.

READING

At our school, growth is a journey, not a destination. With each passing year, we strive to bring new and exciting opportunities that nurture the minds and hearts of our students.

From cutting-edge educational tools to creative programs that inspire curiosity, every initiative is a step toward holistic development.

One such endeavor has been to engage students in reading the newspaper and introduction of the reading cards.

Our *Newspaper Reading Program* encourages students to engage with current events, broadening their horizons while enhancing language skills. This initiative has proven instrumental in also keeping students informed about the world beyond the classroom.

The *Reading Cards Activity* is a creative endeavor to enhance vocabulary, fluency, and comprehension. Tailored for various skill levels, these cards feature curated passages, questions, and prompts to spark interest and foster reading abilities.

Parents, you must have noticed that a reading card is being sent to the children every Friday and the first period on Monday is dedicated for the follow up reading practice.

Both programs have significantly enriched our students' linguistic abilities and their love for reading.

As a pilot project we have introduced class Saathi for a section of grade X, with the objective of enhancing classroom engagement and assessment process. Class Saathi, is an AI-powered platform designed specifically for the K-12 segment. It combines Bluetooth clickers with a software application to enable real-time assessments in classrooms. Its ability to function seamlessly without the need for internet connectivity or electricity, ensures smooth and efficient operation within the classroom environment.

INFRASTRUCTURE

This year marked another milestone in our journey of growth and excellence. To nurture young minds, we proudly inaugurated a brand-new building dedicated to our Kindergarten students—a vibrant and welcoming space designed to inspire creativity and exploration.

Adding to our technological advancements, we expanded our smart class facilities with more Smart TVs, transforming the way knowledge is shared. These state-of-the-art additions bring lessons to life, making learning interactive, engaging, and fun for all students.

With every upgrade, we continue to create an environment where innovation meets education, ensuring our students have the best tools to succeed in a rapidly evolving world.

This year, our students made us proud with their outstanding achievements in sports and extracurricular activities, showcasing their dedication, talent, and perseverance.

Tarun and Mahadev brought glory to the institution by winning gold in the All-India Sports Championship for *Kho- Kho*. Vedavati shone on the international stage, representing us at the International Yoga Competition in Sri Lanka. Currently she is competing in the National Yoga Championship in Bhubaneswar. She continues to inspire with her discipline and grace.

Our students also excelled in karate, skating, yoga and dance, earning accolades that highlight their commitment to excellence. Participation in the *Heritage Quiz* showcased the intellect and curiosity, fostering a deeper connection with our rich cultural roots.

In this regard Arnav Gowda, Ashwin and Shashank, Santrupty, Lekhana, Samudra Gupta, Aarush and Danish deserve special mention.

These remarkable achievements reflect our holistic approach to education, where every child is encouraged to pursue their passion and reach for the stars!

Teacher Achievements

At our school, excellence extends beyond the classroom, exemplified by the remarkable achievements of our Economics teacher, Mr. Kapil. A prolific author and a storyteller of great depth, he has made his mark in the literary world with two acclaimed works—*Hanadi*, a novel steeped in the enchantment of magic realism, and *Bhanami*, a collection of short stories reflecting the myriad experiences of life, both released in 2019.

His literary brilliance has been recognized with numerous prestigious awards, including the *Rajya Sahitya Academy Award*, *Sapna Book House Best Writer Award*, the *Rajyotsava Award* from Gulbarga University, and the *Yuva Puraskar Award* from the Government of Karnataka.

Mr. Kapil's achievements inspire not only his students but also the broader community, showcasing how creativity and knowledge go hand in hand. His journey is a shining example of how one can excel in multiple realms while staying committed to the noble cause of education.

At this point of time, I also wish to share with you that I have been honored with the prestigious *Dynamic Principal Award*, and I accept this recognition with great humility and gratitude. This award is not just a personal milestone but a reflection of the unconditional support from the Management and the collective effort, passion, and dedication of the entire school community. Thanks everyone.

In our commitment to fostering empathy and community spirit, our students and staff took a meaningful step towards giving back to society, visiting an orphanage and an old age home this year. These visits were not just about acts of charity, but about forming genuine connections, sharing moments of joy, and spreading kindness.

At the orphanage, our students brought smiles on faces of children who are often forgotten, through games, art, and conversation, creating lasting memories. Similarly, at the old age home, the warmth of our visit uplifted the spirits of senior residents, as they shared stories, laughter, and wisdom with our students.

This initiative, part of our *Joy of Giving* program, has deeply impacted all involved, teaching our students the true value of compassion and the power of spreading happiness. It was a reminder that giving isn't just about material gifts, but about offering our time, love, and presence to those who need it most. Thank you, parents, for supporting us in this cause.

Our students were involved in an insightful field trip to the *Krishi Mela*, where they explored the latest in farming technologies, sustainable practices, and the importance of agriculture. Engaging with experts and witnessing live demonstrations, the trip broadened their understanding of the vital role agriculture plays in our world. This experience not only

enhanced their learning but also inspired curiosity and a deeper appreciation for the field of agriculture.

Our school is committed to the continuous professional development of its educators through regular teacher enrichment programs. These initiatives support our teachers in staying abreast of the latest educational trends, teaching methodologies, and technological advancements. By fostering a culture of lifelong learning, we ensure that our educators are equipped with the tools, skills, and knowledge to provide the highest quality education to our students. The school's support for teacher growth is a cornerstone of our commitment to excellence in education.

"Having worked in various institutions over the years, I have witnessed firsthand the profound impact that a committed and values-driven school can have on its students. The difference is clear, and I can wholeheartedly vouch for the unique approach our institution takes. Our school, as a non-profit organization, focuses on providing quality education that is both accessible and affordable, driven by the belief that education should serve the greater good, not commercial interests.

The management's objective has always been to foster an environment where students not only excel academically but are also encouraged to grow holistically. The dedication of our educators, paired with the vision of the management, ensures that every student receives the best possible education. I take immense pride in being part of this institution, where the mission of shaping future leaders and empowering young minds is not just a goal but a shared journey.
